About Knowcraft Analytics

Knowcraft Analytics is an **ISO 27001:2022**-certified **bespoke offshore delivery partner** for **accounting, audit, investment banking, taxation, transaction advisory, and valuation firms** across the U.S. and Canada. We design, build, and operate offshore delivery models tailored to how your firm works today and as you scale.

We help firms expand capacity without adding senior headcount, reduce partner review burden, and maintain control over quality, workflow, and client relationships. Our team of **350+ professionals** includes **CAs, CPAs, CMAs, CVAs, MBAs, CFAs, and AVIAs** trained to work within the workflows, documentation standards, and reviewer expectations.

We do not replace your team; we become an extension of it.

Engagement Models

BEST SUITED FOR

Full-Time Equivalent (FTE) Model

- Dedicated professionals are assigned to your firm. It is structured as follows:
 - Fixed Monthly Dollar Rate Model
 - Cost-Plus Model

Firms with
**steady
workflows
needing
continuity.**

Variable Pricing Model

- Pricing is structured based on one of the following approaches:
 - Time & Expenses (T&E) – Hourly rate
 - Fixed Fee per project
 - % of Fee per project

Firms with
**fluctuating
workloads or
specialized needs.**

Hybrid & Build-Operate-Transfer (BOT) Model

- Combines the stability of dedicated teams with the flexibility to scale for deals or peak periods. Includes pathways to transition to a fully captive **Global Capability Center (GCC)** when your firm is ready.

Seasonal demand
**and deal-driven
environments.**

What About GCC and BOT?

- For firms planning long-term offshore expansion, we also support:
 - **GCC (Global Capability Center):** Your own captive offshore entity, your IP, your systems, our infrastructure, and talent management.
 - **BOT (Build-Operate-Transfer):** We build and stabilize the team, then transfer ownership to you when you are ready.

ACCOUNTING & AUDIT

Reliable accounting support that shortens close cycles and lightens review load

- **Bookkeeping and historical clean-up**
- **Account reconciliation and payroll assistance**
- **Audit support for financial, internal, forensic, and special-purpose audits**

Outcome: Reduce close cycles by up to 40%, receive review-ready schedules, and free senior staff from time-consuming reconciliation work.

INVESTMENT BANKING & ADVISORY

Execution support for firms operating under tight deal timelines.

- **Financial due diligence and Quality of Earnings (QoE)**
- **Buy-side and sell-side deal support**
- **CIMs, pitchbooks, teasers, and financial models**

Outcome: Execute deals up to 25% faster with investor-grade CIMs, QoE reports, and models, enabling partners to focus on sourcing and strategy.

TAXATION

Scalable tax execution aligned with US compliance standards.

- **Individual, business, estate, and trust taxation**
- **Multi-state and indirect tax compliance**
- **Tax return preparation, amendments, and administrative support**

Outcome: Scale tax capacity during peak season without hiring risk; our teams handle preparation and research while your partners retain control over review and advisory.

VALUATION

Independent, defensible valuation support across asset classes.

- **Business and financial reporting valuations**
- **Transaction and litigation support**
- **Tangible asset and real property valuation**

Outcome: Deliver defensible, audit-ready valuation reports faster, allowing your firm to take on more engagements without adding senior staff.

Technology & AI That Power Reliable Delivery

At Knowcraft Analytics, technology and AI are embedded into how work gets done, not added as an afterthought. We use industry-standard platforms and AI-enabled workflows to improve accuracy, speed, and review readiness across accounting, tax, valuation, and advisory engagements.

We use AI and automation to improve accuracy, reduce turnaround time, and deliver review-ready outputs, not to replace human judgment. We do not use client data to train public AI models.

- 03. What is Knowcraft Analytics' pricing structure?**
We have multiple pricing models, such as full-time equivalent (FTE), time and materials (T&M) pricing, cost-plus pricing, customized pricing, and hourly pricing. Talk to us for a model that best suits your needs.

Client Testimonials

Head of Valuation, Top 50 Commercial Bank

It's fulfilling to see a bunch of the best and the brightest come together to make something special. It's easy to stay trapped in an institution that is mediocre and play by other people's rules - what Knowcraft has done was a brave leap into the unknown, working together as a team based on the fundamental principles of hard work, discipline, and a commitment to the highest standard of excellence.

CFO, Mid-Sized Firm, USA

Knowcraft has been a game-changer for our finance team. Their accurate bookkeeping and real-time insights have made our work so much smoother, all while cutting costs by 40%. Plus, their scalability means we can handle peak workloads without scrambling to hire more staff. It's been a huge relief!

Managing Partner, US-Based Tax Firm

Knowcraft's expertise in tax compliance and advisory helped us improve turnaround time by 30% during peak season. Their responsiveness and precision allow us to serve more clients without increasing overhead.

Partner, Private Equity-Focused TAS Firm

Knowcraft's data-driven QoE reports do a great job of highlighting key earnings drivers and risk factors, making it easier for us to provide clear, actionable insights to investors. Their ability to scale quickly has been a huge asset in keeping up with our growing deal pipeline.

Managing Director, Transaction Advisory Firm

Working with Knowcraft has truly elevated our process. Their detailed due diligence reports helped us close deals 25% faster, and their cost-effective model paired with deep financial insights gives our clients the confidence to make informed investment decisions. I couldn't be happier with the results!
